

The first Bedminster Toilet Map actually appeared several years ago following a discussion at the Bedminster Older Peoples' Forum. The Forum looked at national research that showed that some people, and not just older ones, felt imprisoned in their homes.

They need frequent access to a toilet and cannot be sure of finding one when they are out. **This is a widespread but invisible disability.** The map is one of the ways in which we want to empower people, making our community more welcoming to disabled people and the elderly.

AGB, the BBID and BS3 Community are also looking at other ways of making the area more welcoming. For example, we want to make the area more accessible for people in wheelchairs, mobility scooters, with pushchairs and living with sight, hearing or other impairments.

Why did we make this map?

Welcome to Bedminster

This map has been commissioned by Action Greater Bedminster (AGB) and the Bedminster Business Improvement District (BBID), in partnership with BS3 Community.

AGB includes many organisations in the area. One of these is BBID with over 400 businesses.

We want people to enjoy the experience of being in Bedminster, whether that's for shopping, entertainment, visiting a park or just walking around.

This map can be viewed online at: www.bs3community.org.uk

We would welcome feedback on this map. Please let us know your views <https://www.smartsurvey.co.uk/s/FYWOD/>

Accessibility

Most toilets are accessible from the pavement without having to go up any steps (except the 3 Lions pub, Tincan Coffee Co, Lounge, Spotted Cow, Old Bookshop, Albatross Cafe). Many toilets have baby changing facilities and an accessible toilet.

Information correct at the time of printing.

Edition 5, 2019.

Thanks!

We would like to thank owners and managers of businesses that feature on our map. You will find the names listed in the key to the map.

They have agreed that, when they are open, people can use their toilets even if they don't buy a cup of tea, glass of beer, tin of beans etc. After all, if they are not customers today, they may be tomorrow and they may also be helping the business next door.

Contains OS data © Crown copyright and database right (2017).

Thanks to graphic designer Tess Sieling, who put the map together in 2019. tess-sieling.co.uk
