

Older people's club to continue

A generous grant has allowed for the continuation of a popular social club for older people in south Bristol.

Local charity BS3 Community's Monday Club received £7,500 from the Grateful Society, which will support its running costs.

The weekly club has been run by the charity at the Southville Centre for over three decades, but will reopen in July at Mezzaluna café in West Street.

The café will be providing sole use of their space for club members every other Monday, 11am-2pm, and will offer all the activities enjoyed at the previous venue.

Steph Atkins BS3 Community's Older People's support worker says she is looking forward to welcoming the members to Mezzaluna.

For more information about joining, email Ruth at ruth.green@bs3community.org.uk.
