**You must be a practitioner qualified to Level 3 or above.** We are searching for someone who is passionate about supporting children as they take their first steps into the world. Whilst this is a full-time position, we are committed to supporting healthy life-work balance for our team and can be flexible for the right person. We support

working parents, part time students and individuals with Carer's responsibility.

**Our promise to our staff...**

We understand how important the Early Years role is, and the difference that you make to each child in your care, and we are passionate about providing you with space and support to develop and grow in your career in this field.

We want to add value to our children's experiences with us, but also our staff's development, and are involved in the Bristol Standard, the Ambitious Two-Year Olds Project and the Bristol City Council Refugees Project. Internally, we invite staff to participate in special interest actiongroups, including our Garden and Outdoor Learning Committee and our Equality, Diversity, Inclusion and Belonging group.

We provide each team member with a mentor, to support their mental health, as well as a supervisor for career development and are always looking for ways to enhance our holistic approach to working for the charity.
